Chambersburg, Pennsylvania 17201

Graduate Healthcare Program Location
1275 Drummers Lane, Suite 100
Wayne, Pennsylvania 19087
(King of Prussia area)

1. Introduction and Availability of This Report

Wilson College is committed to providing a safe and secure educational and working environment for students, employees, and visitors. This Annual Security and Fire Safety Report is published in accordance with the Jeanne Clery Campus Safety Act and contains the College's current campus security policies, procedures, prevention information, and crime statistics for the three most recent calendar years for which statistics are required: 2023, 2024, and 2025.

The report covers Wilson College's main campus in Chambersburg, Pennsylvania, and the College's graduate healthcare program location at 1275 Drummers Lane, Suite 100, Wayne, Pennsylvania, in the King of Prussia area. The Drummers Lane location opened in spring 2026 and is addressed in this report as a Wilson College noncampus property for Clery reporting purposes. There are no Drummers Lane crime statistics for 2023, 2024, or 2025 because the location was not open during those calendar years.

Wilson College makes a reasonable, good-faith effort to obtain required crime statistics from appropriate local law-enforcement agencies. For this report, local and/or state law-enforcement statistics were combined with statistics collected by Wilson College Campus Security Authorities, consistent with the College's 2026 Campus Safety and Security Survey.

The report is made available to current students and employees and is also made available to prospective students and employees through Wilson College's website and other consumer-information resources.

Regulatory basis: 34 CFR § 668.46 and related federal requirements.

2. Campus Locations and Clery Geography

Location	Description	Clery treatment in this report
1015 Philadelphia Avenue, Chambersburg, PA 17201	Wilson College main campus, including seven on-campus student housing facilities.	On-campus property; residential-facility statistics are separately identified.
1275 Drummers Lane, Suite 100, Wayne, PA 19087	Graduate healthcare program laboratory/instructional location; opened spring 2026; access controlled.	Noncampus property for purposes of this report. No separate campus designation is made because the location does not currently have a full-time administrator on site.
Public property	Public property within or immediately adjacent to and accessible from the College's Clery geography.	Reported in the public-property category when applicable.

The College's on-campus Clery geography includes the main campus and it's associated on-campus facilities and grounds, including Heninger Field. Public property within or immediately adjacent to and accessible from the campus is reported in the public-property category when applicable.

The Drummers Lane location is equipped with access-control systems. It is located within Swedesford Park, an executive office complex managed by BPG | 360. The property management office oversees the physical plant and building operations and assesses safety and security conditions within the buildings. The property management office may be reached at 302-650-3741 for building security or facility concerns. Wilson College Campus Safety and designated administrators respond to college-related security concerns through the College's 24-hour on-call system, with coordination with local authorities when an in-person law enforcement or emergency response is needed.

3. Campus Safety and Law Enforcement

Wilson College Campus Safety services are available 24 hours a day, 365 days a year. At the Chambersburg campus, Campus Safety officers provide an in-person response and conduct patrols of campus and residence-hall areas. Trained College administrators are also on call 24 hours a day, 365 days a year.

At the Drummers Lane graduate healthcare location, Campus Safety officers and designated administrators respond to security concerns through the College's virtual/on-call system. The site uses access-control systems to help secure the facility. The location is within Swedesford Park, an executive office complex managed by BPG | 360, whose property management office oversees the physical plant and assesses safety and security conditions within the buildings. For building or property security concerns, the BPG | 360 property management office may be contacted at 302-650-3741. When circumstances require an in-person emergency or law-enforcement response, the College coordinates with the appropriate local agency.

Wilson College maintains a working relationship with the Chambersburg Borough Police Department for the main campus and with the Tredyffrin Township Police Department for the Drummers Lane location. Tredyffrin Township Police may be reached at 911 for emergencies or 610-647-1440 for non-emergency dispatch. The department's business number is 610-644-3221. Local law enforcement may be contacted for emergency response, criminal investigations, specialized assistance, or other circumstances requiring police authority.

Campus Safety personnel are not a substitute for municipal law enforcement. Members of the College community are encouraged to report crimes promptly to Campus Safety and/or the appropriate law-enforcement agency. Emergency situations should be reported by calling 911.

The College's Campus Safety phone number is (717) 372-2255. The Campus Safety email address is safety@wilson.edu.

Campus Safety: (717) 372-2255; safety@wilson.edu

4. Emergency response: 911 or Campus Safety (717) 372-2255

- Vice President for Student Development: (717) 262-2577
- Dean of Students: (717) 264-2669
- Residence Life: (717) 262-2612
- Human Resources & Title IX Coordinator, Crystal Collier-Walker: (717) 262-2541

At the Drummers Lane location, building or property security concerns may also be reported to BPG | 360 property management at 302-650-3741. Criminal emergencies should be reported to 911; non-emergency police matters may be reported to Tredyffrin Township Police dispatch at 610-647-1440.

Victims and witnesses may request that a report be handled confidentially to the extent permitted by law and consistent with the College's obligations. Confidential resources include professional Counseling Services, Health Services, and pastoral resources provided by the College Chaplain. Confidential resources are not required to report identifying information to the College for Clery statistical purposes when acting within the scope of their confidential roles.

5. Campus Security Authorities (CSAs)

Under the Clery Act, Campus Security Authorities include campus security personnel; individuals with responsibility for campus security; persons identified by the College as persons to whom students and employees should report

crimes for Clery purposes; and College officials with significant responsibility for student and campus activities, subject to the statutory exceptions for pastoral and professional counselors acting in those roles. At Wilson College, CSAs include Campus Safety personnel, the Vice President for Student Development, the Dean of Students, Residence Life personnel, academic deans, Human Resources, designated Title IX officials, and Athletics staff, including coaches and other athletics personnel with significant responsibility for student and campus activities, and faculty or staff advisors to recognized student clubs and organizations who have significant responsibility for student or campus activities.

At Wilson College, students and employees may report Clery crimes to Campus Safety, or to any Campus Security Authority, including the Vice President for Student Development, the Dean of Students, Residence Life personnel, academic deans, Human Resources, designated Title IX officials, Athletics personnel with CSA responsibilities, and designated faculty or staff advisors to recognized student clubs and organizations. CSAs are responsible for promptly forwarding reportable information to the appropriate College official for Clery statistical and safety assessment purposes. A CSA's responsibility is to report the information received; the CSA is not responsible for investigating the allegation or determining whether a crime occurred.

6. Timely Warnings

Wilson College will issue a timely warning to the campus community when a Clery-reportable crime is reported to Campus Security Authorities or local law enforcement, and the College determines that the crime represents a serious or continuing threat to students or employees. The warning will be issued as soon as reasonably practicable and will withhold confidential identifying information about victims.

Depending on the circumstances, timely warnings may be distributed through college email, text messaging, telephone, the Wilson website, the Wilson Portal (https://my.wilson.edu), residence-life communications, campus notices, or other appropriate methods.

The College’s emergency notification process is separate from the timely warning process. When there is an immediate threat to the health or safety of students or employees, the College follows its emergency notification procedures.

7. Emergency Response and Evacuation

Wilson College maintains emergency response and evacuation procedures designed to protect students, employees, and visitors during significant emergencies or dangerous situations. When a significant emergency or dangerous situation involving an immediate threat to health or safety is confirmed, responsible College officials determine the appropriate population to notify, the content of the notification, and the appropriate notification method.

Wilson College uses an emergency notification system capable of communicating by methods such as voice, text, and email. Notifications are issued without delay when appropriate, unless responsible authorities determine that issuing the notification would compromise efforts to assist a victim or contain, respond to, or mitigate the emergency.

For emergencies requiring immediate assistance, members of the community should call 911 and then notify Campus Safety at (717) 372-2255 when it is safe to do so.

Emergency response and evacuation procedures are reviewed and tested as required by Campus Safety.

8. Security of and Access to Campus Facilities

Wilson College maintains physical security measures appropriate to its facilities. On the Chambersburg campus, residence halls are secured, access is controlled, and security personnel patrol campus and residence-hall areas. Residence halls are locked 24 hours a day, and access is limited to authorized students, employees, and guests under College procedures.

The Drummers Lane facility uses access-control systems. Because it is a graduate instructional/laboratory location without a full-time administrator currently assigned to the site, security concerns are addressed through the College's 24-hour virtual/on-call response system, supplemented by local emergency and law-enforcement services when needed. The facility is located within Swedesford Park, managed by BPG | 360; the property management office oversees the physical plant and assesses safety and security conditions within the buildings and may be reached at 302-650-3741.

The Physical Plant and Campus Safety Committee oversee the maintenance of buildings and grounds and address safety and security hazards on the main campus. At Drummers Lane, BPG | 360 property management oversees the physical plant and building operations and assesses safety and security conditions within Swedesford Park. The College has historically conducted lighting audits and maintains emergency communication devices on the main campus.

9. Campus Safety and Crime Prevention Programs

Wilson College provides programs designed to inform students and employees about security procedures and personal safety. Programming has included personal safety and security, sexual misconduct prevention, hazing prevention, burglary and vandalism prevention, and related safety awareness.

New students receive prevention and awareness information, and Residence Life staff receive additional training. The College also uses seminars, bulletins, posters, brochures, alerts, and other communications to promote safety awareness.

Students and employees are encouraged to take reasonable precautions, report suspicious behavior, lock doors, safeguard personal property, and use available escort and emergency services.

10. Security Escort and Emergency Services

Campus Safety provides on-campus security escort assistance when requested. Students and employees may contact Campus Safety at (717) 372-2255. Emergency medical, fire, or police assistance should be requested by calling 911.

Blue-light emergency telephones and other emergency communication resources are available at designated locations on the main campus.

11. Alcohol and Other Drug Policies

Wilson College prohibits unlawful possession, use, distribution, or sale of controlled substances and prohibits underage alcohol use. The College's alcohol and other drug policies, student conduct expectations, and applicable federal, state, and local laws are described in the Wilson College Blue Book and related College resources.

Students and employees are provided with information concerning standards of conduct and applicable legal sanctions. Students who seek assistance with substance use may contact Counseling Services and other appropriate campus or community resources. Employees may use applicable employee assistance resources.

Drug and alcohol violations are addressed through applicable College disciplinary processes and, when appropriate, through law enforcement.

12. Missing Student Notification Policy

Wilson College maintains procedures for responding to reports that a student residing in on-campus housing may be missing. A report may be made to Campus Safety, Residence Life staff, the Dean of Students, the Vice President for Student Development, or local law enforcement.

The College maintains a confidential emergency contact designation for students residing in on-campus housing. If a student is determined to be missing, the College follows applicable federal requirements for notifying the designated contact, a custodial parent or guardian when required for a student under 18 who is not emancipated, and the appropriate local law-enforcement agency.

A missing student report is referred immediately to Campus Safety and/or the law-enforcement agency with jurisdiction. The College does not wait 24 hours before initiating appropriate action when circumstances indicate that a student may be missing or endangered.

13. Sexual Assault, Dating Violence, Domestic Violence, and Stalking

Wilson College prohibits sexual misconduct and provides prevention, awareness, reporting, supportive-measures, and disciplinary processes for students and employees. The College's Title IX and sexual misconduct resources are available through its Title IX Policies & Resources webpage and the Blue Book.

Wilson's current published Title IX resources identify Crystal Collier-Walker, Director of Human Resources, as Title IX Coordinator. The published campus safety report also identifies the Vice President for Student Development as a Title IX Deputy.

Wilson provides primary prevention and awareness programming and ongoing education concerning sexual assault, dating violence, domestic violence, and stalking. Phoenix Against Violence provides prevention training, bystander-intervention education, reporting information, and resources.

A person who experiences sexual assault, dating violence, domestic violence, or stalking may report to the College, to law enforcement, to both, or to neither, subject to the College's legal obligations. The College provides information regarding evidence preservation, reporting options, supportive measures, protective orders, counseling, medical care, victim advocacy, and other available resources.

The College will protect the confidentiality of victims and other necessary parties to the extent required by law and will avoid including personally identifying information in publicly available Clery disclosures.

Victims may request changes to academic, living, transportation, or working situations and other protective measures when reasonably available. Such measures may be available regardless of whether the victim reports the matter to law enforcement.

14. Disciplinary Procedures for VAWA/Title IX Matters

Wilson College uses established institutional procedures for addressing allegations of sexual misconduct and other covered conduct. The applicable procedures, decision-making processes, standards of evidence, appeal provisions, and rights of the parties are contained in the College's current Title IX/sexual misconduct policy and student conduct procedures.

Both Wilson College's student conduct proceedings and Title IX proceedings use the preponderance of the evidence standard. The applicable procedures, decision-making processes, appeal provisions, and rights of the parties are contained in the College's current student conduct and Title IX/sexual misconduct policies.

The College provides parties with information concerning the applicable process, available supportive measures, participation rights, advisors, notice, evidence, decision-making, sanctions, and appeal rights as required by applicable law and College policy.

15. Sex Offender Registration Information

Information concerning registered sex offenders is maintained by the Commonwealth of Pennsylvania. Members of the Wilson community may obtain information about registered sex offenders through the Pennsylvania State Police Megan's Law resources and other state-authorized public resources.

16. Crime Statistics: 2023–2025

The following statistics are based on Wilson College's 2026 Campus Safety and Security Survey. The College reported that it had combined statistics received from local and/or state law-enforcement agencies with statistics collected by its Campus Security Authorities. The statistics are recorded by calendar year and by Clery geography. Because the Drummers Lane location did not open until spring 2026, no Drummers Lane crime statistics are reported for 2023, 2024, or 2025.

The College reported seven on-campus student housing facilities. The Drummers Lane location is included in the College's non-campus property category for policy and geography purposes. There are no Drummers Lane crime statistics for 2023, 2024, or 2025 because the site opened in spring 2026.

All values below are numbers of reported offenses, arrests, or disciplinary referrals as applicable; they are not counts of individuals unless the table is specifically identified as arrests or disciplinary referrals.

21. Hazing

Hazing is abusive, degrading, psychologically damaging, and may be life-threatening. Hazing in any form - including but not limited to acts committed by or against faculty, staff, vendors, volunteers, students, or minors - will not be tolerated at Wilson College, either on or off campus. This prohibition applies to all campus departments/divisions and schools and established, recognized, or registered student organizations, including but not limited to varsity athletic teams, intramurals or club teams, student government, student clubs/organizations, choirs, service or performing arts groups, honor societies, residence hall groups, and secret societies. The full text of the Hazing Policy, including definitions, reporting, implementation and investigation procedures, and prevention and awareness programs can be found here: https://www.wilson.edu/sites/default/files/2025-07/wilson-hazing-policy-2025.pdf

In compliance with the *Stop Campus Hazing Act*, Wilson College includes hazing statistics in its Annual Security Report (ASR). This data will reflect all hazing incidents reported to campus officials and local law enforcement for calendar years 2023, 2024, and 2025.

In accordance with the *Timothy J. Piazza Antihazing Law, Act 80 of 2018, and 18 Pa.C.S. § 2809*, Wilson College maintains a public report of violations of the College's anti-hazing policy and federal or state laws related to hazing that are reported to the College, which was last update on August 1, 2026 with the next scheduled update on January 1, 2027.

22. Unfounded Crimes

The College reported zero unfounded Clery crimes for each of the three statistical years: 2023, 2024, and 2025.

23. Fire Safety

Wilson College maintains fire-safety systems and evacuation procedures in its on-campus student housing facilities. Residence halls are equipped with smoke and/or heat detection systems, room smoke detectors, fire extinguishers, and other fire-safety equipment. The College's current fire-safety procedures require an unannounced fire drill in each residence hall each semester, and new residents participate in fire-safety training during their first August on campus.

23.1 Fire Statistics by On-Campus Student Housing Facility

Housing Facility	2023 Fires	2023 Injuries	2023 Deaths	2024 Fires	2024 Injuries	2024 Deaths	2025 Fires	2025 Injuries	2025 Deaths

TOTAL	0	0	0	2	0	0	3	0	0

No fire-related injuries requiring treatment at a medical facility and no fire-related deaths were reported in any on-campus student housing facility during calendar years 2023, 2024, or 2025.

23.2 Fire Log Summary

Year	Residential Facility	Cause of Fire	Fire-Related Injuries	Fire-Related Deaths	Property Damage
2024	Rosenkrans Hall	Undetermined	0	0	$0-$99
2024	Rosenkrans Hall	Unintentional Cooking	0	0	$0-$99
2025	Disert Hall	Unintentional Cooking	0	0	$0-$99

2025	MacElwein Hall	Unintentional Cooking	0	0	$0-$99
2025	Rosenkrans Hall	Unintentional Cooking	0	0	$0-$99

24. Fire Safety Policies and Procedures

Residence halls are equipped with smoke/heat detection systems and room smoke detectors. Fire extinguishers and other fire-safety equipment are provided and inspected as required. Residence Life personnel receive fire-safety and extinguisher training. Each residence hall conducts an unannounced fire drill each semester, and new residents receive fire-safety training during their first August on campus.

When a fire alarm sounds, occupants should immediately evacuate using the designated evacuation route and proceed to the designated assembly area. Occupants should follow instructions from Campus Safety, Residence Life, fire officials, or other emergency personnel and should not re-enter a building until authorized to do so. Wilson's residence-hall evacuation procedures identify building-specific assembly locations and emphasize prompt evacuation.

Fire emergencies should be reported by calling 911 and then notifying Campus Safety at (717) 372-2255 when safe to do so. Fires occurring in on-campus student housing should also be reported to Campus Safety or Residence Life so that the College can maintain its required fire log and fire-safety records.

27. Important Definitions

For Clery reporting, Wilson College uses the federal definitions and reporting rules in 34 CFR § 668.46 and the applicable FBI crime-reporting definitions incorporated by that regulation. These include murder and non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, specified hate crimes, dating violence, domestic violence, stalking, and specified arrests/referrals.

Crime statistics are recorded by calendar year in which the crime was reported to a local police agency or Campus Security Authority. Crimes are recorded according to their Clery geography, and the identity of victims and accused persons is not included in the statistical tables.
