

Learn From Professors Who
Test Limits in Class and in Life

DR. TIFFANY DURAN

PT, DPT

Your DPT Professor: Team USA Volunteer, Football Enthusiast

Dr. Tiffany Duran knows that learning isn't just theoretical. As a physical therapy student, she discovered that hard work, coachability, and hands-on experience were just as important as academic lessons.

That's why you'll often see her on the sidelines. Whether she's volunteering with Team USA, supporting Special Olympics athletes, cheering on a football game, or treating patients in outpatient orthopedics, Dr. Duran believes the best lessons come from being in the action.

Professional Involvement:

- American Physical Therapy Association
- Ohio Physical Therapy Association
- Pennsylvania Physical Therapy Association
- Orthopedics, Sports, and Academy of Education
- CAPTE PTA Commissioner Reaffirmation Panel

Ask her what she learned outside the classroom that made the biggest difference in her career.

ACCREDITATION:

Wilson College is seeking accreditation of a new physical therapist education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, on November 1st, 2026. Submission of this document does not ensure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the professional phase of the program; therefore, no students may be enrolled in professional courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assure that the program will be granted accreditation.
