

REPRODUCTION OF MATERIALS

The C. Elizabeth Boyd '33 Archives provides photo-reproductions in reasonable amounts for scholarly use under the following conditions:

- All reproductions will be made by Archives staff.
- At the Archivist's discretion, large requests for copies and/or scans may incur standard reproduction charges.
- The Archives reserves the right to limit the number of photocopies in any order and may decline to make duplicates if the items are fragile. The final decision as to whether or not an item is in condition to be copied will be made by the Archivist. The Archives will not reproduce the full text of a book, pamphlet, diary, notebook, or entire manuscript/archival collection.
- Formats available
 - Standard letter or legal size black and white photocopies
 - Digital scans up to 11" x 14". Scanned images can be up to 600 dpi, color or black and white, JPEG or TIFF format. Whenever possible, files are delivered to researchers by email.
- The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Copies are prepared solely for the use of the researcher and may not be used for any purpose other than private study, scholarship, or research. If a user makes a request for, or later uses, a copy or reproduction in excess of "fair use," that user may be liable for copyright infringement. Researchers assume sole responsibility for any infringement of copyright.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.
