WHAT IS SEEDS?

SEEDS summer camp provides kids with a happy, healthy and rewarding summer experience in a safe and clean environment. Each camper will receive instruction through four different courses that will enrich their minds by teaching them skills and knowledge they can use in everyday life.

WHO CAN ATTEND?

SEEDS summer camp accepts children who have just completed grades K-6. Each course is set up to place your child with others in the same age range. Not all courses are available for all age groups.

WHAT DOES IT COST?

SEEDS registration fee is \$200 per week per child. This fee includes four courses per day and two snacks provided by us. Please be sure to send your child with lunch each day.

*** Please note that all courses offered may not run.

Courses are filled on a first-come first-served basis. We cannot guarantee your child will be placed in the top four courses based on their preference. SEEDS registration fee is \$200 per week per child. This fee includes four courses per day and two snacks provided by us. Please be sure to provide your child with lunch each day.***

AFRICAN ART SAFARI

With approximately 1 billion people, Africa—the world's oldest populated area—has a fascinating history. This course will not only explore that history, but will also engage your child by helping them create their own African art projects.

APP CODING FOR KIDS (GRADES 4-6 ONLY)

The app industry is booming, with the app market expected to become a \$77 billion industry this year. Give your child a leg up on a career in app development through this beginner coding course.

BOARD GAME MAKING

This is a great course for bringing out your child's brain power and creativity. In class, they will design and create their own, unique family board game that is likely to become one of your Game night favorites.

COLONIAL LIFE

A living history demonstration offered in this unique course allows your child not only to observe life in colonial America, but to also take part in typical activities from that time period, such as churning butter and playing children's games.

DANCE PARTY

Creative movement and dance games will inspire your child to express themselves through music and movement. Your child will participate in a choreographed routine to be performed at the end of the session

DRAMA

This course will introduce your child to the world of onstage performance. From scripts to costumes, all aspects of putting on a stage production are included and the course will culminate a short production.

JUNIOR MAD SCIENTISTS

Whether you're looking for an engaging way to spark your child's interest in science or just want them engaged in fun week of activities, Junior Mad Scientists is the perfect class. Kids will have a chance to experiment through interactive and hands-on science activities that will instill a love of learning in your little scientist.

JUNIOR MARKETING

In this innovative course, your child will analyze products and ads that they enjoy to figure out what it is that makes them want the product. At the end of the week, the group will create an imaginary product, accompanied with an effective marketing campaign.

MAGIC: BASIC TRICKS (GRADES 4-6 ONLY)

Your child will embrace their inner Magician in this fun basic magic trick course. Designed for students who are new to magic tricks or just eager to advance. Learning magic tricks at a young age can build confidence and help develop social skills!

MUSICAL GEOGRAPHY

Everyone loves music, but this course goes a step beyond music appreciation to also teach your child about geography. Kids will learn about a particular country or region through performance of its traditional dances and songs.

MYSTERY: WRITE AND SOLVE (GRADES 4-6 ONLY)

This course is designed for children who are interested in writing their own mysteries. Students will learn such topics as crime solving, motives, clues, witnesses, alibis and other aspects that create a great mystery! Aspiring detectives are encouraged to sign up.

PAINTING STYLES

In this course, children will explore different paint styles each day of the week, including impressionism, surrealism, pop art and more.

STORY TIME AND CRAFT FUN (GRADES K-3RD ONLY)

Sherri Maret, a local picture book author will share her own books as well as other author's stories. This course is also craft-oriented where your child will make crafts based upon stories that are read. This is a crafty and fun course for ages K-3rd grade.

TELL YOUR TALE (GRADES 4-6 ONLY)

Sherri Maret, a local picture book author will work with students to write their own unique stories. Campers will choose writing projects such as a one-page graphic comic, tall tale, short story, a play, or mystery whodunit. This course mixes creativity with basic writing techniques.

THEME PARK DESIGN

This innovative new course will allow your child to design their own theme park. From rides and attractions to the theme and the location, everything about the theme park will be from his or her own imagination.
